Prioritized ID	Backlog Entry	Priority Level
1	As a user, I want to use the application to meet other students at my university so I can study with them.	Mandatory
2	As a user, I want there to be a web app option to access the application, so I can access the application no matter what device I'm using.	Mandatory
3	As a user, I want to be able to register an account with the application to keep track of my matches and personal profile.	Mandatory
4	As a user, I want to be able to log in to the system with my username and password so I can access my account and view my matches.	Mandatory
5	As a user, I want to be able to safely log out because I don't want someone to use my account when I'm gone and pretend to be me.	Mandatory
6	As a user, I want to have a choice on whether I get matched with a particular user or not, so I can control who I get matched with.	Mandatory
7	As a developer, I want to be able to use a continuous integration server to automatically build and verify changes to the application.	Mandatory
8	As a user, I want a convenient way to communicate with the study buddies I get matched with, so I can explore with them opportunities to study together.	Mandatory
9	As a user who forgot my password, I want to be able to recover access to my account somehow so I can continue using the application without losing all my past information.	Mandatory
10	As a user, I want to fill up and periodically update my profile so I can advertise myself as a potential study buddy to other students.	Mandatory

11	As a user, I want to be able to review a potential study buddy's profile for information about him or her so I can judge whether or not he or she is a good match for me.	Mandatory
12	As a smartphone user, I want to be able to use the McBuddy app with my phone's native features (gestures, visual experience) so that I can feel comfortable with the interface without having to learn it first.	Mandatory
13	As a user, I want to be able to report inappropriate messages and activities to the admin so I can feel like the app's community is safe.	Mandatory
14	As an admin, I want to be able to be able to effectively manage harassment, spam and other inappropriate behavior in the community so that users can feel safe.	Mandatory
15	As an admin I want to be able to see a reported message so I could see if it was harassment or not.	Mandatory
16	As a user I want to have a help page that will help me use the website so that If I run into any questions I can refer to it for answers.	Mandatory
17	As an admin, I want to have a user agreement or terms of use so that users and admins are aware of their legal obligations and rights.	Mandatory
18	As an admin, I want to review ads before they go live on the application so I have control over what content displays on the application.	Mandatory
19	As a user, I want to be able to give feedback to the developers to express how I feel about the app.	Desirable
20	As a developer, I want to be able to use an existing platform to create and modify the application as quickly and easily as possible.	Desirable
21	As a user, I want to be able to create, manage, or join a study group so I can use McBuddy to set up group study sessions.	Desirable

22	As a user, I want to be able to filter out potential study buddies based on preferred traits so I can more easily find study buddies I feel comfortable with.	Desirable
23	As a user, I want to stop receiving study buddy requests for a specific class because I already have a study partner/group.	Desirable
24	As a user who is unhappy with the app, I want to be able to delete my account and have my information erased.	Desirable
25	As a user who feels like another user is harassing me, I want to be able to block him from interacting with me through the app.	Desirable
26	As a user I want to be able to report another user for an inappropriate user profile so that I can feel safe using the application.	Desirable
27	As a smartphone user, I want to receive notifications to my device when I am matched with new potential study buddies, so I can conveniently follow up with them.	Desirable
28	As a user, I want the app to remember my credentials so that I don't have to enter them every time I login.	Desirable
29	As an admin, I want to see statistics on the McBuddy users so I can make business decisions about the product.	Desirable
30	As an advertiser, I want McGill students to see my advertisements so that they are drawn to the products I am marketing.	Desirable
31	As a user, I should be able to choose the language of application in English or French so that I feel comfortable in my native language.	Desirable
32	As a user who is arranging a meeting, I want it to be reflected in my calendar software of choice, so I can quickly reference it.	Optional
33	As a user, I want to be able to automatically sync my class schedule with other students so we can easily find times when we are both available.	Optional

34	As a user, I want to be able to find my friends on the app so I can use McBuddy's features to set up study groups with people I already know.	Optional
35	As a user, I want to access information pages for my courses so I can quickly reference that information when I need it.	Optional
